**Subject:** 1 pm meeting with Peter re CA AE

Hi Carrie – there is a 1 pm meeting today with Peter on a CA aquifer exemption and a petition from the Center of Biological Diversity asking that we treat the AE as a substantial program revision. They also say that we should consider updating the technical criteria for AEs and USDWS, but in the meantime, consider this AE in light of current technology and drought. Alexa asked me to attend and forwarded me the invitation, I accepted, and then Lisa McWhirter re-sent the invitation with me as an optional invitee. (No one at OGWDW has reached out to me on the matter.) Here is the CBD petition and the briefing materials that Lisa prepared for the meeting. I plan to call in. If you have a minute, could we discuss this before 1 pm? Thanks so much.
